

STOLEN O GAUGE STOCK

In addition to the 4mm stock which were stolen a small number of O Gauge items I own were also taken. Unfortunately, I have no photographs of the O Gauge stock. I list below these items :

1. **o-6-o L & Y Saddle Tank**

This loco is painted and lined in L & Y livery and is not weathered. The loco is scratch built and has a removable cab roof.

2. **2 x Goods Wagons**

These vehicles are in private owner livery and feature loads (wooden planks and barrels) and are not weathered.

3. **“Tin Tab” L & Y Brake Van**

This vehicle is painted in L & Y livery and is not weathered.

4. **2 Lengths of Peco O Gauge Track**

5. **A Plinth with track approximately 30” long for display of above listed items.**
